

An Escape Room is an immersive puzzle game where a group of participants are “locked” in a room and must solve a series of clues and puzzles in order to find the solution to “escape” and win.

Each session has a time limit of 1 hour and success relies on participants’ ability to work together, share clues, and think laterally.

The Ivoryton Library, a private library association, receives partial funding from the Town of Essex and functions as a public library. We rely on fundraising and membership from our patrons to help meet our operating expenses in order to maintain and improve our collections, to provide fun and informative programs, and to preserve our local history collections.
