An Escape Room is an immersive puzzle game where a group of participants are "locked" in a room and must solve a series of clues and puzzles in order to find the solution to "escape" and win the gamne.

Each session has a time limit of 1 hour and success relies on participants' abilities to work together, share clues, and think laterally.

Escape Room

Friday, April 12 through Sunday, April 21

You've finally made it to Hogwarts.

Now how do you get out?

Your group will be locked in the Great Room at Hogwarts with clues to find, puzzles to solve and locks to, well, unlock.

Only then will you discover the spell that, once recited, will set you free.

Can your team "escape" by solving the mystery before the time runs out?

How it works:

Each session lasts 60 minutes.

Please arrive 10 minutes before your scheduled session Minimum 3, maximum 6 people per session.

The room is best experienced by groups of adults, teens or mixed/family groups with children 8 and up. 1 adult per 2 children under 13. Adult counts toward maximum.

Special accommodations are available to ensure the younger participants are in on the fun. Please let us know if your group includes children 12 and under.

Cost is $150 per session
